PROFESSIONAL EXPERIENCE

ENACTUS CIC IT Team

Cairo, Egypt

Vice Head of IT Department

November 24, 2025 – Present

- Led backend operations and managed technical deliverables for multiple student-led applications.
- Coordinated with front-end developers and design teams to optimize web architecture and streamline integration processes.

Backend Developer

November 8, 2024 – July 18, 2024

- Designed and built backend logic using PHP and MySQL for student-led projects.
- Collaborated with frontend team to integrate features and ensure performance.
- Improved development delivery speed by 20% through code optimization.
- Handled database design and implementation for multiple mini-projects.

Summit Technology Solutions

Cairo, Egypt

Database Intern (Second Term)

Summer 2025

- Selected for a consecutive summer internship program based on strong performance within the Data Management Team.
- Advanced database query skills, assisted in managing data integrity, and worked on real-world data tracking scenarios.

Database Intern

July 15, 2024 – August 15, 2024

- Completed a one-month internship with the Data Management Team.
- Developed strong SQL skills including data retrieval, filtering, sorting, and using single-row and group functions.
- Worked with relational database components such as schemas, tables, primary/foreign keys, indexes, views, and stored procedures.
- Gained hands-on experience in writing complex queries using subqueries and set operators.
- Assisted in organizing, optimizing, and maintaining company databases for improved performance.

EDUCATION
